A QUESTION OF CONSCIENCE.

A QUESTION OF CONSCIENCE.

A In all the principal sects called orthodox there are people who secretly believe in the truth of Universalism, but who hide their laith for the sake of worldly advantages. There are "Evangelical" ministers, too, whose policy is to retain Universalism in their churches by flattering treatment and specietus words at the same name that they maign the Universalism their churches and in the truth of the sake of domestic peace, social interests, or business profit, many consent to remain in their churches and give their support to a doctrinal scheme which they do not believe, but, contractives, know to be faise. To deny the truth is to deny Christ, and such people are really denying their Lord and Master as shameutily as Feter did, and it behoves them to remember the Saviour's words, "If any man come to me, and hate not his father and mother and wise and children and brethren and sisters, yea, and his own inte also, ne cannot be my disciple;" and, "He that denieth me before men shall be denied before the angels of God," and again, "Ye cannot serve God and mammon."

Reader, if you are denying Christ in this way, do not juggle with your conscience any longer. Proclaim your faith ally yourself to the only Univerthat at the delined, when you have a counted worthy go suffer for His blessed name. Whoseover doth not take his cross and follow Him cannot be his disciple.
